

Information on Data Protection according to GDPR

- Customer and their employees -

As controller in the meaning of GDPR (EU GDPR & UK GDPR), we take the protection of personal data seriously and process it according to the legal regulations.

1. Controller in Terms of Data Protection

The Aareon company with which the customer agreement has been concluded is controller for fulfilling the agreement and initiating further business relations. The Aareon Group companies are also joint controllers for marketing measures (e.g. invitations to events, surveys) and intragroup sales reporting.

3. Purpose and Lawfulness of Processing

Execution of the customer relationship and fulfillment of contract according to Art. 6 Abs. 1 b) GDPR. Business initiation as well as marketing with a legitimate interest according to Art. 6 para. 1 f) for business initiation as well as marketing and/or consent according to Art. 6 para. 1 a) GDPR. Data subjects may oppose to the legitimate interest and revoke consent at any time.

4. Data and Categories of Data

Customers (as far as natural persons)	billing and payment data
	Address
	Bank details
	Support information, including customer development and previous contacts
	Creditworthiness data

	Data to opt-in or opt-out of marketing activities (Declared consent to receive promotional notifications and other information)
	advertising measures, newsletter registration, advertising objections)
	Photos
	Date of birth
	Contact details (phone, fax, e-mail)
	Customer number
	Name + name supplements (Mr./Mrs., academic title)
	Product or contract interest (for upselling)
	Other data that may be required for identification purposes under the Money Laundering Act
	Contract data
	Videos (recorded at events)
Employees of Customers	Address (usually business address)
	Data to opt-in or opt-out of marketing activities (Declared consent to receive promotional notifications and other information) advertising measures, newsletter registration, advertising objections)
	Photos

	Contact details (phone, fax, e-mail)
	Name + name supplements (Mr./Mrs., academic title)
	Videos (recorded at events)

5. Recipient and Categories of Recipients

Relevant employees of involved departments and associated companies, processors. For prospect and client data, Aareon uses cloud services from Hubspot® and Salesforce®, for internal use, Aareon uses Microsoft® Office applications (e.g. Word®, Outlook®), Jira of Atlassian and Zendesk® (as ticket system), where storage takes place in the EU, but possible access to data from outside the EU/EEA may occur. For Hubspot®, Microsoft®, Salesforce® and Zendesk® the EU-US Privacy Framework and EU Standard Contractual Clauses apply and for Salesforce® and Zendesk® also Corporate Binding Rules apply as well as for Jira of Atlassian the EU Standard Contractual Clauses apply, which are available on the companies' respective websites.

For a customer solution with SAP®/Blue Eagle, the following applies: For individual customers, SAP support is provided with worldwide support from the SAP support organization. Subcontractors with EU Standard Contractual Clauses can be viewed in the SAP support portal. Individual customers can activate "EU Access" in the SAP support portal. For ASP and hosting customers, Aareon activates EU Access, where SAP support is provided only from the EU/EEA and Switzerland, subject to an adequacy decision by the EU Commission. In individual cases, worldwide processing within the SAP support organisation can be carried out with the consent of the customer, for which the EU Standard Contractual Clauses apply.

For a customer solution with Microsoft® Office 365, the following applies: If the data is hosted in the Microsoft Azure Cloud or Microsoft Support is provided, it may be possible to access data from outside

the EU/EEA. For this purpose, EU-US Privacy Framework and EU Standard Contractual Clauses apply via the Microsoft Customer Agreement and are available in the Microsoft Trust Center.

Aareon is obliged to cooperate in the fight against terrorism and carries out a data comparison with EU/US anti-terror lists and in UK also the UK anti-terror lists (sanction screening). The comparison is performed regarding the customer, not its employees. Aareon uses the AEB system for this purpose, for which support can be provided from outside the EU/EEA (UK, Singapore) if required. The UK is considered a safe third country in accordance with the EU Commission's adequacy decision, and EU Standard Contractual Clauses apply to support from Singapore. In the case of international data transfer to or access from outside the EU, there are special risks for personal data (e.g. access by foreign intelligence agencies).

6. Storage Period

The data will be stored in compliance with the legal retention periods according to each country, for example, in Germany up to 10 years after termination of the customer relationship or performance of the sanction screening. Data that is no longer needed will be deleted. Data based on a consent will be stored until revocation. Data based on a legitimate interest will be stored for as long as the legitimate interest exists, until objection or in the case of leads (e.g. download whitepaper) after 2 years inactivity and in the case of contact (e.g. contract negotiation) up to a maximum of 7 years after the last contact with the company or the data subject.

7. Data Subject Rights

The data subject has the right of access from the controller about the personal data, rectification, erasure, restriction of processing, revocation or objection for the future, data portability and appeal to a supervisory authority.

Status 13 January 2025
